Strategic Points of Engagement: There is one strategic point of engagement that has been identified for this people group.

Information on the group in DC:

The majority of Moroccans are of Arab-Berber descent and practice Arab Islam. Most of them are Muslim in name, though few will be truly devout due to their distaste for the Islamic State. There are very few Moroccan believers due to the fact that it is illegal to be a Christian in their country. The best place to engage this group is in ethnic halal grocery stores, restaurants, and the neighborhood that has been identified above in the shaded region: Falls Church/Bailey's Crossroads.
