Information on the group in DC:

The large majority of Saudis in the US are university students, DC being no exception. However, DC does hold the largest Saudi population in all of the US. Saudis are very easy to engage and are pretty much like most Americans—they enjoy hanging out at the mall and any Starbucks. Most concentrate in the Tysons Corner area. Many Saudi students are also easy to engage on university campuses. *Unlike the perception of Saudis as staunch Muslims, when they are in America, many follow the “When in Rome, do as the Romans do” motto.
