

## Doug & Dana Roberts

MEXICO

Today we are going to pray for Doug and Dana Roberts, two of our missionaries who serve in Mexico. Many of our missionaries are reaching Spanish-speaking Mexicans in Mexico.

But Doug and Dana serve in central Mexico among the Central Nahuatl people. These people are descended from the Aztecs who ruled what is now Mexico long before Europeans arrived.

The Nahuatl people have their own language and culture. Most of them operate small family farms or raise goats. Many of the men do construction work in other parts of Mexico.

Sadly, few missionaries serve with the Nahuatl people. That means many towns have no church and no Christian witness at all. But Doug and Dana are pioneers — they helped grow a church plant that was started by another missionary - Vena Tanner. Four new believers were baptized recently!

Today let's pray for our missionaries, Doug and Dana. Our church supports their ministry as we give through the Cooperative Program.

Let's pray that they will lead many lost people to faith in Christ. And let's pray that God will call many more missionaries to this part of Mexico, so that all the Nahuatl people can hear the gospel.

*\*At the time of the original writing, Doug and Dana were serving in Mexico. As of Feb. 2020 they are now serving stateside as Affinity Stateside Advocates for the American Peoples Affinity.*
