

## Ross & Dena Frierson

### WALES

Today we're going to pray for two of our missionaries serving in Wales. Wales is part of the United Kingdom, which includes England, Scotland and Northern Ireland. Three million people live in Wales; few are active Christians.

Those reporting "no religion" outnumber church members. So we have sent Ross and Dena Frierson to a difficult mission field. Our church helps support them through our Cooperative Program giving.

A great revival swept Wales in the early 1900s and many new churches were started. Sadly, the Christian faith in Wales declined over time. Many church buildings were abandoned or converted to warehouses, pubs or even Islamic mosques.

Ross and Dena started a new church, first meeting in a home. But thankfully, the church grew and needed space. They looked at a long-empty church building held by a trust. Could they use it? Yes —the trust managers had prayed for the building to be a church again.

Now about 50 people attend services in the new building. Ross and Dena are confident the church will keep growing!

Let's ask the Lord to bless their ministry. In fact, let's ask the Lord to start another Welsh revival and for thousands to be saved!
