Church Planter

UPTOWN CHURCH MARTINSVILLE

Martinsville, Virginia

About Uptown Church Martinsville:

Our mission is to engage the people of Martinsville and Henry County with the Gospel and equip them to join with us in the process of becoming mature and ministering worshippers of God. Our values are:

Devotion - God desires for each of us to love Him above all else. We will delight in God together, for who He is and what He has done, worshipping Him in every aspect of our lives.

Community - We will love one another, living life together, laughing, grieving, celebrating, serving, and growing together as God's church.

Mission - We will proclaim and live out the Gospel of Jesus Christ in Martinsville and everywhere we go, inviting others to respond to God's grace and worship Him.

Ways to Partner:

We are looking for partner/sister churches to join with us in creating a sustained hub for planting healthy churches that plant churches. This type of church-to-church relationship involves much more than financial cooperation and will be centered around disciple-making and planting churches together.

Pray:

- For continued unity and maturity in our church family as more members find their role in the body of Christ.
- For increased future partnerships with other local churches in building the Kingdom of God.
- For our desire to be a hub for planting healthy churches that plant healthy churches.
