Church Planter

PILLAR CHURCH

Washington, DC

About Pillar Church of Washington DC:

Pillar DC is a new church plant in the Southwest neighborhood of Washington, DC. Our church was formed when the Maine Avenue campus of McLean Bible Church merged with the congregation of Pillar Church of Washington, DC to become a new church plant. We glorify God by helping people know Jesus and make Him known in DC and around the world.

Ways to Partner:

We need help in these three areas:

- Prayer - Email Jared to be included in our monthly newsletter, where we highlight prayer requests and needs.
- Giving - Visit pillardc.churchcenter.com/giving/to/general to give towards this work.
- Go - Consider coming on a short-term trip or moving here to join our team! Contact Jared at jared@pillarchurchsbc.com.

Pray:

- That people in our city would be saved and transformed by the Gospel.
- For favor so that we can move into the middle school in our neighborhood as a long-term meeting location.
- That God would raise up a church planter and a team as we work towards the goal of planting our first daughter church in October 2020.
