**AMAZING GRACE CHURCH**  
*Washington, DC*

---

## **About Amazing Grace Church:**

We are a new church plant launching in the Ivy City neighborhood of Northeast Washington, DC in September 2020.

We are a missions-focused church, where we simply desire to spread the unfiltered Gospel, serve our community, and equip our brothers and sisters to do the same.

We exist to make disciples that seek the lost and embrace the broken. Our vision is to make God known and to see people experience His amazing grace!

Our doors are open to anyone, no matter your race, ethnicity, or background. We truly are one big family!

## **Ways to Partner:**

- We are praying about and seeking financial partners as well as mission partners who can serve with us within Ivy City.

## **Pray:**

Please stand in prayer with us as we prepare to launch:

- We are asking that God send laborers as well as the lost.
- We pray that those who are hurting would find courage to connect with us and that they would find hope in Christ.
- We also pray for resources to host Sunday gatherings, including children's ministry supplies, AV equipment, and print material.
- As we prepare for our core team meeting, we pray for wisdom and direction so that God may be magnified in every way.
