Church Planter

BEDROCK CHURCH LYNCHBURG

Lynchburg, Virginia

About Bedrock Church Lynchburg:

Bedrock Church Lynchburg is a church plant from Bedrock Community Church in Bedford, VA. The formulation of this church plant began in 2008 when Bedrock Community Church was launched with a vision to “build” churches. As a fulfillment of that original vision, Bedrock has launched churches in Roanoke and in Montana. Bedrock Church Lynchburg will launch with a desire to create a culture rooted in the Gospel of Jesus and continue a legacy of making disciples and planting churches. We desire to be a church not focused on the us and now, rather, others and forever.

Ways to Partner:

- Mission teams needed to serve our community as we seek to serve those with the love of Christ
- Partnerships needed for equipment to run our Sunday morning services (sound, lighting, staging, projection, etc.)
- Financial partnerships needed for mission teams, community engagement, and facility rental

Pray:

- For the development of leadership teams as we begin our first year.
- For the development of community partnerships, particularly for the local school system.
- For the pastoral team and their families as they journey through the messiness of church planting.
- For the lost in Lynchburg to experience the grace of the Gospel of Jesus Christ.
