LIVING WORD DEAF CHURCH
Church Planting Center | Forest, Virginia

About Living Word Deaf Church:

Our mission statement is, “Bringing Christ to the Deaf community while encouraging love and unity.” While there are hearing churches everywhere, the general Deaf community has very limited access to a Deaf church where everything is “Deaf friendly” and the Gospel is shared in their heart language. Our goal and passion is to provide the Deaf with a church where they can come in and fluently communicate with the pastor and the other members, where they can come to know Christ as their personal Savior, not hindered by the fact that they cannot hear.

Ways to Partner:

- Expert help and direction in purchasing and using video equipment to produce videos to help the Deaf who are not close to a Deaf church but desire to know the Word
- Find groups of Deaf people in other locations in Virginia where we can help them plant another Deaf church. Visit www.deafchurchplanting.webs.com to learn more about the need.
- Financial partners

Pray:

- For financial partners
- For additional leaders for upcoming ministries
- For the salvation of the lost and the growth of new believers
- For additional Deaf churches to be planted in Virginia
- For our continued strength and wisdom as we serve the Deaf community and for our time management as we prioritize our family’s needs first, along with home educating our children

MEETING LOCATION:

4130 Waterlick Rd
Forest, VA 24551
